

Install solar panels and battery storage at a **competitive price**

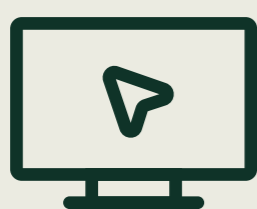

Interested in solar and battery storage for your home or small business, but do not know where to start?

Switch Together is a program offered by the **City of Dallas' Whole Home Program** and nonprofit **Solar United Neighbors**. Registration is **free** and without obligation. Households from the previous round are saving an average of **\$6,565** on a typical-sized solar installation.

How does Switch Together work?

Installer auction: Pre-vetted installers submit bids. The most competitive package wins the auction.

Register: For free and without obligation at SwitchTogether.com/Solar/Dallas. You will provide basic information to find out if your home is suitable.

Personal recommendation: You will receive a recommendation that includes personalized estimated savings from the program.

Your decision: You decide if you want to accept the offer.

Installation: The installer will contact you to discuss the site assessment results and confirm the installation.

Register for free at SwitchTogether.com/Solar/Dallas
